Welcome Letter

Dear Colleagues and Friends,

On behalf of ESPGHAN, we are delighted to invite you to the **54th Annual Meeting of ESPGHAN, which will be held in Copenhagen, Denmark, from Wednesday, 22 June to Saturday, 25 June 2022.**

Every year the ESPGHAN Annual Meeting attracts the key opinion leaders in the field of Paediatric Gastroenterology, Hepatology and Nutrition from Europe and all around the world, making the congress the largest conference of its kind worldwide.

Attended by 4.600 participants from 100 countries, the 52nd Annual Meeting in 2019 in Glasgow was the last organized onsite, and offered more than 1000 abstract presenters a stage to publish their latest research results. Thus, the congress was a great opportunity to meet colleagues in our field from around the world and provided a unique platform to exchange new ideas and discuss the latest developments. Since then, COVID-19 has changed the world in an all-encompassing and troubled way. However more than 4400 colleagues online, who submitted more than 1200 abstracts, attended the virtual World Congress organized by ESPGHAN in Vienna in June 2021. In 2022, we again plan an onsite meeting, hoping to see you all in person. The scientific programme will include a wide range of sessions and symposia, clinical tracks, postgraduate courses, meet the expert sessions, as well as the popular hands-on learning zones.

The upcoming 54th ESPGHAN Annual Meeting will take place in the Danish capital, the spectacular and vibrant city of Copenhagen. The city thus sets the ideal stage to revitalise ESPGHAN's journey and provides an inspiring atmosphere for the 54th ESPGHAN Annual Meeting.

We look forward to welcoming you in Copenhagen and trust that you will find your participation a rewarding and enjoyable experience!

Prof. Sanja Kolacek
ESPGHAN President

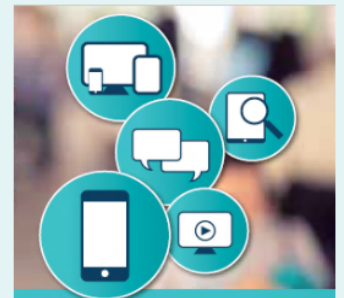

Prof. Steffen Husby
Chair Local Organizing
Committee

Have you missed a
session?
Contents* are
available at **Congress
Talks & Speakers**

The invited sessions* are recorded (slides and audio). Within approximately 2 hours after the end of the session, they are available at **Congress Talks & Speakers**. You can access all scientific content from all Annual Meetings from 2016 onwards.

From now on also the sessions of the **6th World Congress** are accessible!

*Kindly note that the publication is based on agreement of the speakers.
