

RARE LIVER DISEASES

# ERN Rare-Liver on-demand Webinar: Treatment of Autoimmune Hepatitis

## Description

Discover the new educational ERN Rare-Liver webinar series launched in November 2020.

In this sixth webinar which took place on 13 July 2021, Professor Ansgar Lohse, Dr Eleonora De Martin and Dr Christina Weiler-Normann discussed about how to optimize standard therapy for autoimmune hepatitis, what are the criteria of acute severe autoimmune hepatitis as well as which 3rd line therapy to use for autoimmune hepatitis, respectively.

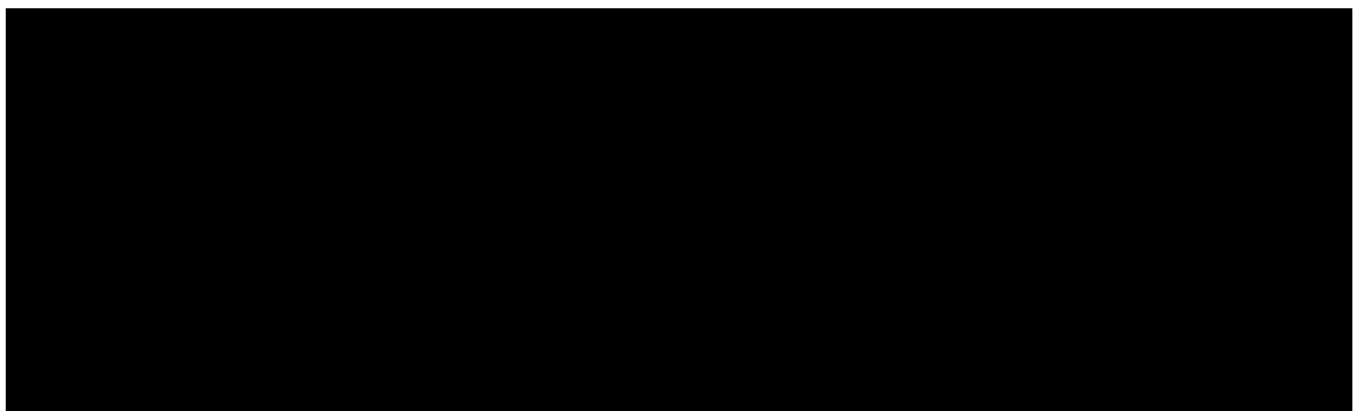

## Targeted Audience

- General practitioners
- Hepatologists
- Health care professionals

## 1. Optimizing standard therapy for Autoimmune Hepatitis

The slide features the logo of UKE Hamburg (University Medical Centre Hamburg-Eppendorf) and the text 'I. Department of Medicine University Medical Centre Hamburg-Eppendorf'. The main title is 'Optimizing Standard Therapy for Autoimmune Hepatitis'. In the bottom left corner, there is a logo for the 'European Reference Network for rare or low prevalence diseases' and a video player interface showing '0:00 / 11:20'. In the bottom right corner, there is a small video inset of the speaker, Ansgar W. Lohse.

## 2. Acute severe Autoimmune Hepatitis

### 3. 3rd line therapy for Autoimmune Hepatitis
